

Imagine...Prayer

Can you imagine a congregation spending a month in prayer? Can you imagine what individual and corporate benefits it would have? Certainly, being in intense and intentional conversation with God would draw us closer to God's will. It would humble us. It would challenge us. It would inspire us. It would encourage us.

Later in this Salette you will find the weekly prayer focus for each week of the 28 Days of Prayer and Fasting that we began October 19th. I encourage you to continue making this a part of your week's routine. If you did not start with everyone else, I invite you to pick it up now, either starting with Week 1 or joining the rest of the congregation with Week 3 the week of November 2nd. Please sign-up to participate in the 24 hour Day of Prayer that starts November 13th and ends November 14th.

When we pray we are in communication with God. We better understand God's vision for us. When we communicate with each other, we are able to share a vision together. As a part of our IMAGINE... Capital Stewardship Campaign, we have a number of Communication Events for that very reason – so that everyone knows the vision that we are embarking on – and so that everyone has the opportunity to contribute to the conversation.

Please plan on attending at least one of these Epic Communication Events. There will be time for questions and answers, plus fun, food, and fellowship at each of them. There will NOT be any asking for money at these events. Instead you will be asked to pray between now and Commitment Sunday about what kind of sacrificial gift God is calling you to give over the next 36 months.

As always, anyone who needs to talk one-on-one is more than welcome. Let me know and we can set up a time to meet individually. The Campaign Directors are also available to answer questions. Our goal is for everyone to know the vision and be a part of the vision. Our goal is that everyone has the opportunity to ask questions and have their questions answered. Questions help us to plan ahead and anticipate things that may arise. Everyone's questions are needed. Everyone's prayers are needed.

Again, I invite you into a time of prayer and fasting,
Pastor Chris
